This is a 5-week long camp designed to give the girls the best Spring option to practice, play games, learn from area high school coaches & pros, and fit within existing Spring schedule. Our experienced staff will run a practice, focusing on drills and repetition for the fundamentals. We will cover pitching, fielding, hitting, throwing ... everything needed to build confidence and skills for their next season.

We want to eliminate the bad habits before they start. Players will be split into groups based on age and ability. Parent coaches are welcome to get involved with our pros. We know you all want to learn more about all aspects of the game. Location: Klein Collins, Trinity Lutheran &/or The Farm League Park.
